All selections come with white paper goods and heavy-duty plastic utensils per serving size or per person when applicable. Food is delivered to your home - for your convenience or you can pick it up at our site. We also provide food cards.

The food is beautifully displayed in baskets or black serving platters all of which must be returned. (We ask that you simply rinse the food off the black trays and place them in the bags we provide. No need to wash them, we will take care of that for you.) However, in the case of hot food you want to keep hot, they are placed in disposable aluminum trays. We do offer chaffing trays for rent if you need them.
